

Dimension from right most edge of tube to the closest point on the outside cut surface of the slot

Axis of Symmetry

"Slot" cut 'off-axis'

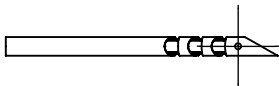

DETAIL A  
SCALE 100 : 1

Notes:

A) This profile is symmetric and therefore only 1/2 of the model is shown. The final profile will be cut from a full tube.

B) Units are in inches

Notes:  
This design is identical to  
page 1: 135deg CCM  
Wrist Left but this one has  
3 cuts not 5.
