SAFETY ABROAD

U of T's [Safety Abroad Guidelines](#) are a shared responsibility with which all students must comply. Failure to complete the necessary procedures before travelling abroad may result in withdrawal of emergency support, funding or academic credit.

As per our website, all SGS Conference Grant applicants are required to review the Safety Abroad Office's ["Student Responsibilities"](#) webpage to ensure their responsibilities are completed before their travel occurs.

I have registered in the Safety Abroad Database:

Yes

No

N/A traveling within Canada

I have completed a Safety Abroad Workshop:

Yes

No

N/A traveling within Canada

If "No" to either of the above questions, please explain why:
I had a scheduling conflict with the Safety Abroad Workshop available before the conference so I was unable to attend. During my undergrad at U of T I attended the PEY safety workshop.
